Principal's Message

I'd like to welcome you to Woodrow Wilson Elementary School's Annual School Accountability Report Card. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

Woodrow Wilson Elementary School provides a warm, stimulating environment where students are actively involved in learning academics as well as positive values. Students receive a standards-based, challenging curriculum by dedicated professional staff based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency.

We have made a commitment to provide the best educational program possible for Woodrow Wilson Elementary School's students, and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together, through our hard work, our students will be challenged to reach their maximum potential.

Mission Statement

The Mission of the Colton Joint Unified School District, a team of caring employees dedicated to the education of children, is to ensure each student learns the academic knowledge and skills necessary to thrive in college or in the workforce and be responsible, productive citizens by providing engaging, challenging, and enriching opportunities and specialized programs in a safe environment in partnership with students, families and our diverse communities.

School Profile

Woodrow Wilson Elementary School is located in the southern region of Colton and serves students in grades kindergarten through six following a single-track year-round calendar. At the beginning of the 2013-14 school year, 674 students were enrolled, including 11.7% in special education, 26.1% qualifying for English Language Learner support, and 95.1% qualifying for free or reduced price lunch.

Student Achievement

Standardized State Assessments

Students at Woodrow Wilson Elementary School participate in California's STAR examination each year. The mandatory STAR Program (Standardized Testing and Reporting) is a set of assessments that evaluates student proficiency in core subject areas and compares student results with other students in the state who took the same test. The STAR is comprised of a series of four components: the California Standards Tests (CST), the California Alternative Performance Assessment (CAPA), the California Modified Assessment (CMA), and Standards-based Tests in Spanish (STS). The STAR tables in this report illustrate the percentage of students achieving Proficient and Advanced levels of proficiency through fiscal year 2012-13. Beginning in 2013-14, students at Woodrow Wilson Elementary School participated in the new statewide student assessment system program identified as CAASPP, California Assessment of Student Performance and Progress. For the 2013-14 school year, the CAASPP reports results for the CAPA science test given in grades five, eight and ten only.

Results are shown only for subgroups with ten students or more taking the exam. Detailed results by grade level for each student group can be obtained from the California Department of Education's website <http://star.cde.ca.gov>.

Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Physical Fitness

The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart disclosed in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Test results for Woodrow Wilson Elementary School were not available at the time of the publication of this report.

Academic Performance Index

California uses the results of STAR testing to calculate the Academic Performance Index (API) which is used to measure school performance, set academic growth targets, and monitor progress over time. The API is a numeric index between 200-1000 that measures student performance in grades two through eleven. An API score of 800 is the state's designated performance target for all schools. Test results are weighted and a formula is applied to determine API.

Growth Targets: For schools with an API under 800, the state requires a gain of 5% of the difference between the school's actual API and 800. Growth Targets apply not only schoolwide, but to each numerically significant subgroup as well. Schools/subgroups that have achieved an API of 800 or above must maintain their scores.

Statewide Rank: All schools in California are categorized according to type (elementary, middle, high) and are placed on a scale of 1 to 10, with 10 being the highest.

Similar Schools Rank: School performance is also compared to other similar schools in the state, based on demographic characteristics, and ranked 1 to 10 within a grouping of 100 schools.

Adequate Yearly Progress

The Federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards based assessment by the year 2014. Meeting Adequate Yearly Progress (AYP) milestones helps determine whether students are reaching proficiency level targets set by NCLB. AYP requires annual evaluation and reporting of the academic progress of all students and defined student subgroups.

On March 7, 2014, the U.S. Department of Education approved California's testing waiver allowing flexibility in making AYP determinations for elementary and middle schools and unified school districts participating in the Smarter Balanced Field Test. CDE will not produce a 2014 AYP report for these qualifying schools and districts. High schools and high school districts will receive a 2014 AYP report based on achievement results from the grade ten California High School Exit Examination (CAHSEE) and California Alternate Performance Assessment (CAPA) as well as the cohort graduation rate.

The AYP table in this report illustrates the school's progress in meeting 2013-14 AYP target rates for applicable schools. More information on AYP can be found on the California Department of Education's (CDE) website www.cde.ca.gov/nclb/ and the U.S. Dept. of Ed. website www.ed.gov/nclb/accountability/.

No Child Left Behind (NCLB)

The No Child Left Behind (NCLB) Act is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving students, and other designated students with special needs. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance. Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2013-14, Woodrow Wilson Elementary School qualified for Schoolwide Title I funding and is subject to comply with Title I program participation requirements.

Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals. California Adequate Yearly Progress calculations determine whether a Title I school has met performance goals. Schools not meeting specific AYP criteria enter Program Improvement, a monitoring system and curriculum enhancement program designed to help schools to increase student proficiency levels. More information about Title I and Program Improvement can be located on the CDE's website www.cde.ca.gov/ta/ac/ti/.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning – State Priority 1: Covered in *Teacher Assignment*, including the Teacher Credentials & Misassignments & NCLB Compliance charts; *Instructional Materials*, including the Textbooks chart; and *School Facilities & Maintenance*, including the Campus Description and School Facility Good Repair Status charts.

Pupil Achievement – State Priority 4: Covered in *Standardized State Assessments*, including the STAR Results and CAASPP charts; *Academic Performance Index*, including API chart; and *College Preparation & Work Readiness*, including the CTE Program Participation and UC/CSU charts.

Other Pupil Outcomes – State Priority 8: Covered in *California High School Exit Exam*, including the CAHSEE charts; and *Physical Fitness*, including the Physical Fitness Test chart.

Parental Involvement – State Priority 3: Covered in *Parent Involvement*.

Pupil Engagement – State Priority 5: Covered in *Dropouts* and in *Graduation Requirements*, including Dropout & Graduation Rates and Completion of High School Graduation Requirements charts.

School Climate – State Priority 6: Covered in *Discipline & Climate for Learning*, including Suspension & Expulsion chart; and *School Site Safety Plan*.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through flyers, school newsletters, the school marquee, the school website, and Blackboard Connect (automated telephone message delivery system). Contact the principal or any office staff member at (909) 580-5015 for more information on how to become involved in your child's learning environment.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Woodrow Wilson Elementary School's original facilities were built in 1935; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Installation of two murals; one at back of the cafeteria and one on the computer lab wall
- Installation of planters by outside stage and cafeteria
- Installation of a computer lab (2014-15)

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and an evening crew are assigned to Woodrow Wilson Elementary School. The day custodian is responsible for:

- Classroom cleaning
- Cafeteria setup/cleanup
- Restroom cleaning
- Trash removal
- Vacuum
- Event setup/cleanup

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening crew is responsible for:

- Cleaning desktops and whiteboards
- Office area cleaning
- Restroom cleaning
- Trash removal

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Deferred Maintenance

Woodrow Wilson Elementary School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2013-14 school year, Woodrow Wilson Elementary School received \$7,700 in deferred maintenance funds for flooring repair and/or maintenance.

Facilities Inspection

The district's maintenance department inspects Woodrow Wilson Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Woodrow Wilson Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Friday, January 09, 2015. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2013-14, all restrooms were fully functional and available for student use.

County Williams Settlement School Inspection Results

On an annual basis, representatives from the County Office of Education visit Colton Joint Unified School District's schools that are in the API Decile Ranks 1 - 3. The inspection is designed to evaluate and verify that school facilities conditions are in "good repair" and that any deficiencies are accurately reported in the School Accountability Report Cards. The most recent facility inspection completed by the county took place on 8/14/2014. Results of the inspection and corrective action taken by the district are provided in the table below.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the principal, assistant principal, custodian, noon duty aides, and cafeteria staff are strategically assigned to designated entrance areas and the playground. During recess, teachers supervise playground activity. The principal, assistant principal, and noon aides monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the principal, assistant principal, and teachers monitor student behavior to ensure a safe and orderly departure.

Woodrow Wilson Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Woodrow Wilson Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in February 2014.

Classroom Environment

Discipline & Climate for Learning

Woodrow Wilson Elementary School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Woodrow Wilson Elementary School revolve around the Common Core State Standards. During the 2013-14 school year, Woodrow Wilson Elementary School held staff development training devoted to:

- Accelerated Reader
- English Language Development (ELD)
- Explicit Direct Instruction (EDI)
- Common Core State Standards
- Lexia Training
- Response to Intervention

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Woodrow Wilson Elementary School supports ongoing professional growth throughout the year on minimum days. Teachers meet in grade level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2013-14 school year, Woodrow Wilson Elementary School's teachers attended the following events hosted by the Colton Joint Unified School District:

- Common Core State Standards in Reading, Language Arts, and Mathematics
- Grade Level Benchmark Assessments
- Lesson Planning
- OARS Training
- Pacing Guides

Woodrow Wilson Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Woodrow Wilson Elementary School are currently being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Thursday, September 04, 2014, the Colton Joint Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution No. 15-07 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2014-15 school year, Colton Joint Unified School District did not offer visual/performing arts classes and therefore did not require the distribution of respective textbooks and instructional materials.

Professional Staff

Counseling & Support Staff

Woodrow Wilson Elementary School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Woodrow Wilson Elementary School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.

Teacher Assignment

During the 2013-14 school year, Woodrow Wilson Elementary School had 30 teachers who met all credential requirements in accordance with state guidelines. The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "NCLB Compliant." Minimum qualifications include: possession of a bachelor's degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects. In the table below, which identifies the number of classrooms taught by NCLB-compliant and non-compliant teachers, high poverty schools are those schools in the highest quartile for student participation defined by the free and reduced price meal program. Low poverty schools are those schools that are in the lowest quartile of program participation.

Percentage of Core Classes 2013-14		
	Taught by NCLB-Compliant Teachers	Taught by non-NCLB-Compliant Teachers
Woodrow Wilson Elementary School	100.0 %	0.0 %
District Totals		
All Schools	99.0 %	1.0 %
High-Poverty	99.0 %	1.0 %
Low-Poverty	0.0 %	0.0 %

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40% or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39% or less in the free and reduced price meals programs.

Expenditures Per Student

For the 2012-13 school year, Colton Joint Unified School District spent an average of \$8,061 of total general funds to educate each student (based on 2012-13 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Colton Joint Unified School District receives state and federal categorical funding for special programs. For the 2012-13 school year, the district received categorical, special education, and support programs funds for:

- After School Learning & Safe Neighborhood Partnerships
