AVID (Advancement Via Individual Determination) is a program designed to help students attain the skills and abilities to attend a four year university after high school. Our mission is to close the achievement gap by preparing all students for college readiness and success in a global society. **We expect students to take rigorous courses throughout high school including, Honors and Advanced Placement classes as well as take the tests necessary for college admission (SAT, ACT, etc.).** Student success in AVID depends on the commitment of both the parents and the student. Both must agree to commit to the AVID program for at least one year. However, It is highly recommended that students stay with the AVID program throughout the entirety of high school.
